

The Budget

Candidates will have a budget that they can use to purchase materials for their election campaign.

- Each candidate will be allocated a campaign budget set by the Students' Union.
- Do not go over your allocated budget. Keep track of what you are spending. If you spend nothing, you should let us know that this is the case.
- EVERYTHING you buy and use must be included in your budget. You are not allowed to 'top up' your budget with your own money.
- ***You will get an additional £10 towards your budget if you include a manifesto point related to one of the UN Sustainable Development Goals***

How does it work?

- Candidates will spend their budget and reclaim their spending by completing a Personal Claim form.
- We will send the form to your Aston student email. Please send a digital copy of the form, accompanied by full, itemised receipts of your campaign spending.
- You will still need to let us know if you did not spend any of your Elections Budget
- **ALL CLAIMS** will need to be sent to the Student Voice email not later than 1 hour after voting closes. Please check the election webpage for the exact closing time and date.

UN SDGs
